

# Local Lending Options Help Small Businesses Grow

**Brad Totman**  
VP, Small Business  
Lending Manager

**At Tompkins Trust Company, we make all of our decisions locally. And we have been doing that for over 180 years.**

Small business owners have a variety of options when it comes to obtaining financing. A small business loan could go towards commercial rent, supply costs, equipment, or business credit for future expansion.

Tompkins Trust Company, with an office in Fayetteville at Lyndon Corners and locations throughout Central New York, recently launched Lightning Loans, a fast turnaround,

exclusively online application process for business loans.

Lightning Loans' streamlined online application process allows customers to quickly apply for a business loan and receive a decision in days or sooner; most approvals happen in 24-48 hours.

Tompkins Trust Company is dedicated to providing local businesses with the resources they need to serve the community. Although Lightning Loans offers the convenience of an all-online process, the personal and local touch of community banking remains available as a unique and valuable resource.
